Have you heard the love stories of the many happy international couples and wondered how have these American men met the beautiful foreign ladies? There are a couple of different things you could try: international dating sites or [free Russian personals](#). The personals are advertisements that people place in newspapers hoping to meet a suitable partner. Figuring out whether dating Russian women is suitable for you or not will be easy once you read this article. Below are 5 good reasons for dating Russian women.

1. Dependability

Russian women are among the most loyal of all other girls. When they have decided to settle down with a guy and have a family, only something very serious could change their minds. Russian women will also do anything in their power to make their partner happy and defend their partnership. Being able to count on your partner is one of the best reasons to date a Russian woman.

2. Nurturing

If you're planning on having a family and are dying to find the right person for it, online dating or [free Russian personals](#) might be the right way for you. Russian girls will make fantastic wives and mothers because they respect traditional values. They're well known for being patient and loving parents. They are also protective of their children and raising a family is the most important thing for them. Russian women enjoy being wives and mothers and will let nothing to stop them, not even their jobs.

3. Great looks

European women are very beautiful and know how to make the best of what they've got, even if they can't buy expensive clothes, shoes and jewellery. You will see that many European women look as if they've just stepped out of a trend magazine. They take their looks very seriously and are proud of their appearance. European ladies are very feminine and like wearing nicer clothes than plain pants and simple shirts.

4. Educated and smart

If you'd like to go out with women with whom you could speak about serious things, a Russian woman won't let you down. These women are usually bilingual, and they like learning about serious matters. They are interested in current news, world affairs and more. Girls from Russia also like discussing important issues and learning more about different subjects. This is one of the top reasons why an international relationship could be a wonderful experience.

5. Respect

European women are quite respectful of their husbands. They think that the boyfriend is the head of the household and as the head of the household, he needs to be respected. Although Russian women request respect too, they freely give it to their men. If you're the kind of man who thinks that couples need to respect one another and do their best to keep the flames alive, try meeting the woman of your dreams through [free Russian personals](#).
